To Whom It May Concern,

This letter of recommendation for Kendyl Taylor comes with the highest of respect and honor. Kendyl is an amazing student in my World History Honors class. She always has her work completed to the highest degree, which demonstrates her high marks on her test. Kendyl has maintained straight A's in my class.

Kendyl also is an active student in the Medical Academy. She is preparing herself for a career as a Dermatologist. Her interest in anatomy and the sciences influence her interest in learning about the human body. She has all Honors classes maintaining a 4.2 g.p.a.

Kendyl keeps up with her academic success while playing volleyball. She has played high school Varsity volleyball since her Freshman year. She was a starter on the Final Four team. And to add credit to her, she plays year round volleyball with a club team from Daytona Beach.

Kendyl is a focused young lady who balances academics and athletics. She is a true pleasure to know and I am glad that I have had the opportunity to teach her and watch her athleticism on the volleyball court. If you have any questions or concerns, please feel free to contact me so that we could further discuss this amazing young lady.

Sincerely,

Hervey Eisenbach
New Smyrna Beach High School World History Teacher
